## **Google**

This is a list of political topics, including political science terms, political philosophies, political issues, etc. Politics is the process by which groups of people make decisions. Although the term is generally applied to behavior within civil governments, politics is observed in all human group interactions, including corporate, academic, and religious institutions.

## **Index of politics articles - Wikipedia**

As an academic discipline the study of politics in education has two main roots. The first root is based on theories from political science while the second root is footed in organizational theory. Political science attempts to explain how societies and social organizations use power to establish regulations and allocate resources. Organizational theory uses scientific theories of management ...
