Planning the Post-Socialist City. In the large body of literature produced during the last fifteen years on the transformation of Eastern European societies after the fall of communism, studies investigating changes in urban form and structure have been quite rare. Yet a profound reorganization of the manner in which urban space is appropriated has...

Introduction: Modernism and the (Post-)Socialist City Markus Kip, Wladimir Sgibnev* Abstract "Post-modernism" and "post-socialism" are two frames that have been widely applied to account for urban changes over the past decades. It is a common statement to consider socialist urbanism as the pivotal embodiment of modernist thinking. The transformation to post-socialism consequentially appears as an instance of post-modernization.
