The population figure of indigenous peoples of the Americas before the 1492 voyage of Christopher Columbus have proven difficult to establish. Scholars rely on archaeological data and written records from settlers from Europe. Most scholars writing at the end of the 19th century estimated that the pre-Columbian population was as low as 10 million; by the end of the 20th century most scholars ...

Our Plan. Since becoming President, Donald Trump has dismantled years of critical climate, jobs and justice wins. He has defaulted on global climate commitments, appointed CEOs who poison our environment, signed orders attacking immigrants, refugees, and trans people, and provided a national platform for white supremacy.
